## Surprise someone today with a box of Cornish Daffodils

When was the last time you received a pleasant surprise in the post? You can now make this happen by sending beautiful daffodils from Cornwall and bring a smile to someone's face.

We have been growing flowers at Fentongollan Farm on the banks of the river Fal for many years and we pick & pack them daily fresh from our fields to send them out to homes and businesses all over the country. Flowers bought from Fentongollan support local and British Industries.

Our daffodils are boxed in bunches of 30, 60 and 100 stems with free\* first class postage and packaging. Also new this year, our special offer 'A Month of Colour' consists of a box of 60 daffodils sent weekly for four consecutive weeks to one special recipient. Treat yourself or someone special for Valentines Day, Mother's Day or birthdays, or just because you want to make someone happy. Go on, surprise someone today and spread a little happiness.

Every purchase benefits Marie Curie Cancer Care who receive £1 for every box sold.

### A Month of Colour - 4 weeks of 60 daffodils per week £64

Our boxed daffodils are available from January until mid April (depending on the weather) and from April onwards they are replaced by fresh Cornish freesias. The flowers are packed in bud to ensure maximum vase life.

**FREE Postage and Packaging\***

Flower boxes contain:

- Six different varieties per box (whenever possible)
- Your personal message on a card
- Sent by Royal Mail first class post (unless Special Delivery by 1pm is specified)
- £1 donation to Marie Curie Cancer Care

We thank you very much for your order
